

Public Hearing
Charleston Township Board
September 23, 2003

PUBLIC HEARING:

Balkema/Kasson moved to recess the regular meeting and open the public hearing at 7:30 p.m. to hear public comment on the closing of the CDBG Grant from the State of Michigan. There were seven residents in attendance.

The supervisor informed the Board that, as of August 18, 2003, 574 jobs had been documented as created and that 393 income certification forms had been delivered to Ms. Tonya Young of the Michigan Economic Development Corporation. This number exceeds the 51% requirement of the CDBG program.

The supervisor asked if there were any questions. Sara Thunman, who lives at 4563 North 38th Street, asked if Target would ever reach the stated goal of 1,000 employees.

Mr. Bell responded that he expected that Target would reach that goal, but it might take longer than originally planned.

CLOSE THE PUBLIC HEARING:

Kasson/Balkema moved to close the public hearing at 7:38 p.m. **CARRIED**

Linda Kramer, Clerk
