

Special Meeting
Charleston Township Board
July 8, 2008

Four people were present at 10:00 a.m. at Galesburg Speedway.

Members present were: Bell and Hiestand. Also present were Ralph Warning, owner of Galesburg Speedway, and Bert Gale from Associated Government Services.

In anticipation that a quorum of Charleston Township Board members would tour the Galesburg Speedway facilities, the gathering was posted as a special meeting. Even though a quorum was not present at the facilities, because the meeting was posted it was thought that some brief minutes were in order. The minutes were taken by Fran Bell.

The purpose of the meeting at the Galesburg Speedway facility was to determine if the owner's request for a building permit to resolve various fencing issues was allowable under provisions of District Court orders governing operation of the Speedway.

Supervisor Bell had also requested from Mr. Warning the opportunity to record a video of the facility, allowed by Court order, for a current inventory of the Speedway premises.

An inspection of the premises was completed at 10:45 a.m.

Linda Kramer, Clerk
